## Index to Volume II (1922)

- A, B, C of golf course hydraulics, 216.  
Accounts, budgets, preparation of, 72.  
    maintenance, cost distribution, 124.  
    standard, 141, 203, 286.  
    systems of standardized, remarks of E. J. Marshall, 68.  
    at Fall River Country Club, 286.  
Acidity of soil, 58, 295.  
Acid phosphate (see *Fertilizers*).  
Agriculture, Department of, cooperating, 51.  
*Agrostis canina* (see *Velvet bent*, under *Bent grasses*).  
    *stolonifera*: (see *Creeping bent*, under *Bent grasses*).  
    *tenuis* (see *Rhode Island brnt*, under *Bent grasses*).  
Alfalfa. Number of seeds per pound, and rate of seeding, 91.  
Alkaline soils and bent grasses, 23.  
    *grasses in general!* 58.  
Amateur, championship for 1922, announcement of, 171, 202.  
    definition of the term, 27.  
Ammonium sulfate (see under *Fertilizers*).  
Analyses, of soil, 221.  
    cost (see under *Cost*).  
Annual bluegrass (see *Poa annua*).  
    meeting, first, of Green Section, proceedings of, 49-80.  
    Green Section, January, 1923, notice of, 326.  
    U. S. Golf Assn., January, 1923, notice of, 326.  
    report of chairman of Green Committee for 1921, 2.  
    reports desired from clubs, 17, 30.  
Ants, Argentine, bulletins, on, 108.  
    white bulletins on, 108.  
Appreciation of Green Section's work, 138.  
Approach areas, upkeep of, 240.  
Architecture (see also *Meditations of a Peripatetic Golfer*, also *Bunkers also Hazards*, also *Trees*).  
    area needed for a course, 278.  
    hooks on, 107, 219.  
    landscape gardening, books on, 107, 218.  
    nature, trying to beat, 177.  
    nine and eighteen-hole courses, number of, 303.  
    principles of, 265.  
    site, selection of, 38.  
    traps, 232.  
Area needed for a golf course, 278.  
Are moles held in check by blacksnakes? 157.  
Army worm, bulletins on, 108.  
Arsenic, white (see *Sodium arsenite*).  
Arsenite of soda (see *Sodium arsenite*).  
Artesian well water, 251.  
Ashtabula Country Club, tractor and mower combination, illustration of, 18.  
Atlanta Bermuda grass, 99.  
Automobiles, parking arrangements for, 7.  
Back numbers' of 1921 Bulletin, 17, 82, 107, 326.  
Bacterial inoculation of soil, 322.  
Bagworms, bulletins on, 108.  
Baking (see under *Soil*).  
Ball. Limiting the power of the golf ball, 27.  
Bannockburn 'Golf Club, leafhoppers at, 311.  
Bare places, grass for, 167.  
Barnyard manure (see under *Manure*, under *Fertilizers*).  
Barrett, Frank B., remarks of on economizing maintenance, on mowers, on tractors, etc., 59, 78, 79.  
Bed, soil. 116.  
    turf, 333.  
Bee hills, 198.  
Beetle (see (*Grubs*)).  
Bent grasses, alkaline adaptations of, 23-  
    California adaptations, 134, 215, 249.  
    characteristics and uses of, 258.  
    creeping (or "carpet") (*Agrostis stolonifera*), characteristics and uses of, 259.

- in German mixed bent, 23.  
 plugging with, 328.  
 vegetative propagation of, 295 (see also **Vegetative propagation**).  
 where adapted for putting green use, 100.
- Colonial (Rhode Island bent, which also see).  
 California adaptability, 249.  
 characteristics and uses of, 259.  
 seed germination, 273.
- converting redtop into bent greens, 236.  
 German, characteristics and uses of, 259.  
 preference for, 23.  
 seed, composition of, 23, 31.  
   **harvesting** in Germany (illustration), 90.  
   importations of, 259.  
   **price** of, and 1921 **crop**, 29.  
   source of, 31, 90.  
   viability of, 40.  
   seeding, rate of, 92.  
   turf **resulting** from, 31.
- localities adapted to, 215.
- Rhode Island (*Agrostis tenuis*), characteristics and uses of, 259.  
 panicle of (illustration), 293.  
 seed: price of, and 1921 crop, 29.  
 seeding, rate of, 92, 133, 141.  
 value of, 23.
- seed germination, 273.  
 supply conservation, 255.  
 seeding rate, 92, 133, 141, 207.  
 southern limit of its range, 134; 215.  
 vegetative propagation (see **Vegetative propagation**).
- velvet bent (*Agrostis canina*), characteristics and uses (with illustration), 171, 259.  
 German mixed bent content of, 23.  
 New England adaptations, 100.  
 vegetative propagation, 295.
- Bermuda grass, characteristics and uses (with illustration), 97, 289.  
 distribution of, 97.  
 fairways, use on, 297.  
 localities adapted to, 215.  
 putting greens, maintenance of, 209, 289.  
   Atlanta, Ga., and Dallas, Tex., 151.  
   Richmond, Va., 289.  
 mowing, 96.  
 seed, number per pound, 92.  
 seeding rate, 92, 97, 164, 289.  
 topdressing, 289.
- Betterment of heavy clay fairways, 281.
- Bichloride of mercury (see Corrosive **sublimite**).
- Biltmore-Forest club, planting bent plugs, 328.
- Bird grass, description, illustration, uses, 210.  
 seeding rate, 258.
- Birds, attracting by shrubbery, 338.  
 books on, 107.  
 Friendly birds on the golf course, 229.
- Blacksnakes and moles, 157.
- Blasting stumps, bulletins on, 108.
- Blisters, pebble, on greens, 314.
- Bluegrass, annual (see **Poa annua**).  
 Canada, brown-patch susceptibility in Florida, 309.  
   fairways, 221.  
   rough, 133, 257.  
   seeding rate, 257.
- English, 222.
- Kentucky, adapted localities, 214, 256.  
 brown-patch susceptibility in Florida, 309.  
 fairways, 234 250, 256, 279, 299.  
 lime responsiveness, 58, 257.  
 seed, bulletin on, 109.  
   germination, 162, 257, 273.  
   number to the pound, 91.  
   price of, and 1921 crop, 29.  
   nuritv. 162. 257.  
   bulletin on, 109.  
   weight per bushel, 257.  
 seeding rate, 91, 208, 235, 250. 257, 279.  
 treatment of, 256.  
 white clover mixture, 299.  
 rough-stalked (see **Bird grass**).
- Bone meal (see under **Fertilizers**).
- Books and bulletins for reading and reference, 107, 218, 268, 345.
- Bordeaux mixture, in brown-patch treatment, 109, 185, 206.  
 dusting the greens at Skokie, 269.  
 earthworms, effect on, 116.  
 grass, effect on, 116.  
 bulletins on, 108.  
 corrosive sublimate added to, 135.  
 lime added to, 135.  
 preparation of, 109.
- Boy Scouts as caddies, 310.
- Broadmoor Golf Club concrete manure pit, 327.
- Brome grass, number of seeds per pound, and rate of seeding, 91.
- Brooks Bros., "A Box of Matches," 268.
- Brooks, Wm. F., remarks of on spike-toothed rollers, 56, 61.  
 on tractors, 69.
- Brown-patch and the Bordeaux treatment, 109, 185, 206.  
 - dusting the greens at Skokie, 269.  
 Florida experiments, 307.  
 southern, 45, 57, 307.  
 treatment of, 57. 59, 109, 185, 206.
- Brown top, 22.
- Budgets (see under **Accounts**).
- Building and maintaining an 18-hole course on moderate fees and keeping out of debt, 236.  
 nine-hole course, 282.
- Bulletins, Green Section, back numbers of, 17, 82, 107, 326.  
 contributions solicited, 76.  
 enlarged scope of, 326.  
 reading and reference, 107. 218, 345.  
 reprint of 1921 volume, 326.
- Bunkers, architecture of, 266 (see also *Archi-*

- ecture*).
- dont' lay out too soon, 159.
  - heroic, 118.
  - raking, 159.
  - whiskers (**rough grass**) on, 120.
- Burning from fertilizer applications**, 46, 166, 223, 265.
- the **rough** in fall, 306.
  - grass burning for leafhopper control, 313.
- Burnt lime, 20.
- Business management, poor, 245 (see also under Cost).
- Buying seed for northern fairways, 279.
- Byers, J. F., remarks of at annual meeting of Green Section, 51.
- Caddies, books and pamphlets on, 219.
- Boy Scouts as, 310.
  - situation discussed by Mr. Howard F. Whitney, 28.
- Calcium carbide** for destroying land-crabs, 159.
- Canada bluegrass (see under **Bluegrass**).
- turf grasses for, 284.
- Capriola dactylon** (**Bermuda grass**, which see).
- Carbon bisulfide, bulletins on, 108.
- grub control with at Essex County Country Club, 11.
  - land-crab eradicating, 323.
  - dioxide as a plant stimulant, 197.
- Carpet bent (see under **Bent grasses**).
- grass, localities adapted to, 216.
- Cart, motor, improvised by **Kernwood** Country Club, 236.
- Caterpillars, 43, 56.
- Caustic soda in weed control, 291.
- Championship events for 1922, announcements of, 170, 202, 226.
- Changing cups, 261, 328, 341.
- Charcoal as a fertilizer, 296.
- Check plqts, value of, 205.
- Chemical analyses of soil, 221.
- fertilizers for fairways, 321.
  - weed killers, 291, 321.
- Chemistry (agricultural), books on, 218.
- Chicken manure (see under **Fertilizers**).
- Chickweed (see under **Weeds**).
- Chlorion** (**Ammobia pennsylvanicum** (**digger wasp**), 297.
- Chocolate drop green, picture of, 145.
- Christiana Country Club, compost mixer used by, 307.
- Cinders in putting green construction, 222.
- Clay (see under Soil).
- Clearing land, bulletins on, 108.
- Clippings, removal of from putting greens, 250.
- "Closed down for repairs," 37.
- Clover seed, number per pound of various **clovers**, also seeding rate, 91.
- potash fertilizers encouraging, 165.
  - white (see **White clover**).
- Club members and the Green Committee, 139.
- Green Section member clubs, 190, 220, 248, 294, 319, 344.
  - shafts, supply of 326, hickory for, 241.
  - slotted and grooved, discussion of their use, by Mr. Howard F. Whitney, 28.
- Coatesville Country Club, **course** construction and maintenance, 236, 282.
- College instruction at Cornell University, 302.
- Colonial bent (see under **Bent grasses**).
- Comminutoi (see **Grinder**).
- Committees and sub-committees of the U. S. Golf Association, 83:
- Complaints by **club** members, 139.
- Compost**, ammonium sulfate added to, 36, 296.
- forest** litter, 189.
  - grinding, 267, 268, 283, 307.
  - leaves, 166, 179.
  - lime added to, 347.
  - manure in, 160, 189, 221, 319.
  - mixer at **Christiana** Country Club, description and illustration, 307.
  - peat in, 319.
  - pine needles in, 189.
  - preparation of, 20.
  - screening, 155, 267, 268, 283, 307.
  - sodium nitrate added to, 36, 167, 296.
  - top-dressing use, 20.
  - water, saturating with, 321.
- Concrete, books on, 107, 218, 345.
- manure pit, 321, 327.
- Congestion on short holes, 255.
- Construction, area needed for a course, 278.
- books on, 107, 218.
  - business management in, 245.
  - cost average, 324.
  - at Coatesville Country Club, 282.
  - economizing in, 236, 278, 324.
  - hastening, inadvisability of, 177.
  - putting greens, 207, 246, 248, 315.
- Contractors, care of machinery by, 317.
- Control of gulf-playing **instruments**; discussion by Mr. Howard F. Whitney, 26.
- Convenient way to plan hazards, 288.
- Cooperative** purchasing, 74.
- Copper** sulfate (**Bordeaux mixture**, which see).
- Corneil University, course of instruction at, 302.
- Corrosive sublimate, Bordeaux in mixture with, 135.
- soil as affected by, 42.
  - specifications for, 162.
- Cost accounting cards, 287.
- distribution of, and standardizing maintenance costs, 124, 138, 141, 286.
- building and** seeding a 9-hole course, 282.
- construction**, average, 324.
- economizing** in, 236, 245, 278, 282.
  - fees of courses, reducing, 62, 67, 74, 77.
  - financing and organization, 142, 278.
  - maintenance economies, 146, 240.
  - Frank B. Barrett's remarks, 59, 78, 79.
  - A. J. Hood's remarks, m-74.
  - costs, distribution of, 124.
  - Hillsdale Golf Club, 146.
  - Lebanon Golf Club, 146.

- tecture).  
 dont' lay out too soon, 159.  
 heroic, 118.  
 raking, 159.  
 whiskers (**rough grass**) on, 120.  
**Burning from fertilizer applications**, 46, 166, 223, 265.  
   the **rough** in fall, 306.  
   grass burning for leafhopper control, 313.  
 Burnt lime, 20.  
 Business management, poor, 245 (see also under Cost).  
 Buying seed for northern fairways, 279.

## INDEX TO VOL. II (1922)

- Portsmouth Country Club, 142.  
   small clubs, 146.  
   standard, 138, 141, 203, 286.  
 management economies, 37, 77, 245, 278, 279.  
 seeding, 282.  
   soil-bed construction economies, 11.6.  
 Cottages, at Portsmouth Country Club, 142.  
 Cotton seed meal, 321.  
 Couch-grass (see *Quack grass*).  
 Course, area needed for, 278.  
   increase of courses in the United States, 303.  
   instruction course at Cornell University, 302.  
   number of courses in the United States and Great Britain, 303.  
   with limited means, 279.  
 Courtesy of the game, 120.  
 Cow manure (see under *Fertilizers*).  
 Crab-grass (see under *Weeds*).  
 Crabs (see *Crawfish*).  
 Crawfish, extermination of, 36, 159, 323.  
 Creeping bent (see under *Bent grosses*).  
   thyme on' fairways, description, uses, illustration of, 309.  
 Crested dog's-tail, 274.  
 Crop of grass seed and the wholesale market, 29.  
 Culti-packer, 234.  
 Cup, changing the, 261, 328, 341.  
 Cutters, sod, 334.  
 Cutting, (see *Mowing*).  
 Cutworms, bulletins on, 108.  
 Cyanide of soda (see *Sodium cyanide*).  
*Cynodon dactylon* (Bermuda grass, which see).  
  
 Daisies (see under *Weeds*).  
 Dallis grass, 346.  
 Dandelions (see under *Weeds*).  
*Deltocephalus inimicus*, 311.  
 Denver Country Club approach areas, upkeep of, 240.  
   fairways, watering, 121.  
 Department of Agriculture, in cooperation with U. S. Golf Association, 51.  
*Desmodium triflorum*, 322.  
 Detroit District Golf Association, 70.  
 Digger wasps, 297.  
*Digitaria scrotina* (Dixie grass), 13.  
 Disking, 56, 61, 234.  
 Distribution of maintenance costs, 124 (see under *Cost*).  
 Distributor, fertilizer, success with, 265.  
 District Green Sections, Detroit, 70.  
   Twin-City (Minneapolis-St. Paul), 31.  
 Divots, replacement of, 175.  
 Dixie grass, 13.  
 Dog's-tail, crested, 274.  
 Double-section roller! 323.  
*Draeculacephala mollipes*, 311.  
 Drag, **s**pike-toothed, 234.  
 Drainage, books on, 107, 218.  
   improvement of: 22; 102. 165. 222, 246, 315:  
   insufficient, troubles from, 35. 42, 246, 315, 324, ...  
   tile drainage, 315.  
 Druid Hills Golf Club, Bermuda grass **at**, 152.  
 Dues (see *Fees*).  
 Dust, iron, **for oiled** greens, 144.  
 Dusting guns for Bordeaux powder, 114, 115, 269.  
  
 Early spring work on a golf course, 87.  
 Earthworm extermination; 42, 116.  
 Economizing (see under *Cost*).  
 Effect of trampling and rolling on turf, 148.  
 Eighteen-hole **courses**, number of, 303.  
 Ekwanok Country Club, Boy Scouts as caddies at, 310.  
 England, number of golf courses in Great Britain, 304.  
 English bluegrass, 222.
