

Peter Leuzinger

Correction

OUR APOLOGIES to Mr. Peter Leuzinger, CGCS, for misidentifying his golf course affiliation in the article "Environmental Commitment" in the July/August 1998 *Green Section Record*. Currently, Pete is golf course superintendent at The Ivanhoe Club, located in Ivanhoe, Illinois. Pete is a model in the environmental commitment arena as he is the only superintendent to have taken two golf courses to full certification status in the Audubon Cooperative Sanctuary Program: The Ivanhoe Club and St. Charles Country Club (St. Charles, Illinois).

Green Section Internships Awarded

FOR THE SECOND YEAR, the USGA Green Section awarded internships to outstanding turf management students. During 1998, the Green Section provided the opportunity for 14 students to travel with members of the Green Section staff on Turf Advisory Service visits for one week between the months of May and August. The goal of the internship program was to provide students with a broader view of the golf course industry and the opportunity to learn about golf course maintenance through the perspective of the Green Section agronomists. The students selected for travel during the 1998 season included:
